AM RE SYNDICATE INC.

# SPECIALTY REINSURANCE PROVIDER

## OUR REINSURANCE MODEL

As a reinsurance intermediary, we offer Property Casualty treaty reinsurance traditionally using a Quota Share model. We write intelligent business, primarily within Inland Marine, Ocean Marine, GL, Transportation, and Cyber lines. Specifically, domestic U.S. Quota Share with low limits (< \$2.5M) per insured.

## RISK SELECTION

Our risk selection process is extremely sophisticated, combining seasoned specialty-line underwriters with proprietary data analytics. Each portfolio must have a proven track record of profitability and generate combined ratios less than 90%.

## PARTNER FOCUS

We seek long-term relationships with clients that take proactive approaches to their risk management. Strong partnerships with fronting carriers, best-in-class MGAs and regional/alphabet house brokers are fundamental to AM RE's success.
